

# Tiny valves that can stand up to anything. Think about ITT.

**Introducing Bio-Pure fractional valves and Advantage<sup>®</sup> Excel Series S actuators.**

The rugged construction and reliability that ITT is known for are now available in a smaller, space-saving package. Reliable two-piece PTFE diaphragms make delamination failures impossible, while maintenance-free actuators assure you years of reliable service. In fact, these new units can withstand the most demanding conditions BioPharm can dish out. Visit [www.ittpureflo.com](http://www.ittpureflo.com) for more information.
